

No : MIP.0101-119-14/2806
Subject : Service Interruption at Berth 8
Ref : MIP.0101-119-13/2786
MIP.0950-482-61/2640

08/12/2011

It was circulated with the reference announcements that vessel carrying 2 Super Post Panamax size shore cranes is estimated to arrive at 24 December 2011 and for this reason Berth 8 will be closed for vessels more than 250m LOA and more than 11.5m draft for one week as of 24 December.

In details:

- Berth 9, 10 and 11 will be available for container vessels up to 9.50m draft without any LOA restriction due to cranes' booms are located towards to sea side.
- Berth 12 will be available for container vessels max 11m draft and 200m LOA.
- If necessary, Berth 17 will be used for outside the above mentioned dimensions of container vessels up to 11.5 m draft.

Note: Above restrictions only applicable during the 1 week discharge operation of the new QC.

After the discharge operations of the cranes, it is estimated that 90m of Berth 8 will not be available for a period about 1 month for commissioning of the new Quay Cranes.

You are kindly requested to arrange the circulation of the subject announcement to your members.

Sincerely yours,
Mersin International Port
