Subject :Storage prices of motorcars and other vehicles

Cars which arrive to MIP by Ro-Ro vessels and stay at the port storage areas for long periods, cause the port not to be able to meet the demands of other customers.

For efficient use of port areas storage capacity, effective from 15.07.2013 and until further notice, MIP decided to apply the price list mentioned in the below table for storage of palletized or wheeled vehicles weighing upto 5 tons including cars, pickups, jeeps , vans and minibuses. Up to 10 days storage inside the port, daily storage tariff per vehicle will be applied. However storage periods exceeding 10 days inside the port and in Toros car terminal, additional storage sliding rates shown in the below table will be applied.

ADDITIONAL RATES	PERCENTAGE OF TARIFF SERVICE PRICE	
	Port Area	Toros Car Terminal
Number of days		
11 to 20 days	50%	-
21 to 30 days	100%	-
31 to 90 days	200%	50%
91 days and above	300%	100%
