

Number : MIP-100033-012 -10/1181

15.05.2018

Subject : Verified Gross Mass (VGM) Applications – Application Revision 2

Ref : (a) Announcement MIP.0101-732-14/1331 dated 16.05.2017

VGM declaration and VGM data sharing principles which have previously been published with the announcement referred in (a) has been revised as;

- VGM declaration/update shall be submitted by the shipping lines or container agents via our Terminal Operation System on or before the estimated time of arrival of the vessel (ETA).
- In the case when a loading instruction (loading list upload) is sent for a container which does not have VGM data, loading instruction will not be processed and a failure message will be shown.
- VGM data **for containers which have been matched VGM credit through our Terminal Operation System or stuffed in the terminal premises** will be available from www.mersinport.com.tr, via PPS system and with VERMAS messages. (Terminal VGM).
- Revision will take effect as of 5 June 2018, Tuesday.

You are kindly requested to circulate this announcement to your members and related parties.

Kind Regards,

Mersin International Port
